

# QHD Range

The QHD range of flail mowers is the ultimate heavy duty grassland and vegetation maintenance tool which has proven to be a favourite for the verge mowing professional. Ideal for mounting at the front or rear of the tractor the QHD range is often used in conjunction with a Rear Mounted TWIGA to give the ultimate in verge mowing output.

Utilising a specialist C flail the quality of cut is exceptional whilst fuel consumption remains low due to the double spiral rotor arrangement.
